

Invasive Plant Species Websites

Invasive species – national

www.invasivespecies.gov – this is the national website for all invasives information
http://enature.com/native_invasive/natives.asp – invasives and landscaping alternatives (not as specific as IN websites below, but still useful)
<http://plants.usda.gov/> - national database for all plant species (very inaccurate for IN invasives but likely to be updated in the next year)

Invasive species – regional

www.mipn.org – Midwest Invasive Plant Network; has summary of what's happening in the Midwest, links to state groups, photos, etc.

Invasive species – lists

<http://www.invasive.org/seweeds.cfm> - Invasive plants of thirteen southern states
<http://www.nps.gov/plants/alien/pubs/midatlantic/toc.htm> - Plant invaders of Mid-Atlantic natural areas
<http://www.ipaw.org/list/list1.htm> - IPAW's working list of invasive plants in Wisconsin
<http://www.dnr.state.oh.us/dnap/invasive/default.htm> - Ohio list of invasive plants
http://www.ill-inps.org/index_page0005.htm - Illinois list of invasive plants
<http://www.inpaws.org/plants.html> - Indiana list of invasive plants (10)
<http://nature.org/wherewework/northamerica/states/michigan/misc/art10021.html> - Michigan list of invasive plants (9)

Invasive species -Indiana

www.invasivespecies.in.gov – has information on what's happening in IN
www.inpaws.org – INPAWS website; has brochures on invasive plants in IN and landscaping alternatives
<http://www.ppd.l.purdue.edu/ppdl/> - Virtual Plant and Pest Diagnostic Lab – help in identifying weeds (for a fee)
<http://www.btny.purdue.edu/weedscience/> - Purdue Weed Science website

Invasive plant control - general

<http://tncweeds.ucdavis.edu/> - TNC Wildland Weeds website with information on all control methods, specific information on invasive plants

Controlling invasive plants with fire:

www.weedcenter.org/management/burning_weeds.pdf - great review
www.ceinfo.unh.edu/Pubs/ForPubs/WPUFCI03.pdf

Controlling aquatic invasive plants:

www.ces.purdue.edu/extmedia/WS/WS_21.pdf – Aquatic Plant Management by Carole Lembi; good summary with photos, identification information, control options

Identification and range of aquatic invasive plants:

http://nas.er.usgs.gov/taxgroup/plants/default_test.asp
